

# Privacy Policy

We are committed to ensuring your privacy is protected. This privacy policy sets out how we use any information that you give when using our web site.

## Cookies

A cookie is a small text file that is saved on your computer or mobile device when you visit our site.

We use a cookie control system which, on your first visit to our site, will ask you to allow the use of cookies. We use two types of cookie on our website:

1) a shopping cart cookie. For your convenience, this cookie simply retains locally your shopping basket contents while you are shopping and also your contact details so you do not have to re-enter them should you want to modify the contents of your shopping basket or if you wish to order from us again at some time in the future.

We do not use cookies to track your purchasing habits, or any part of the purchasing process.

2) traffic log cookies. These identify which pages visitors to our site are using, which helps us to monitor which pages you find useful and which you do not.

The cookie-related information in no way gives us access to your computer or any information about you.

You can choose to accept or decline cookies - your use of the web site will not be in any way affected. Information on deleting or controlling cookies is available at <https://www.aboutcookies.org/>

## Data Protection

We are committed to ensuring that your information is secure, and is held in compliance with the General Data Protection Regulations 2018.

The only personal information that we gather is to enable us to process your order with us.

Should you choose to contact us via our contact details page, your information will be used only for the purposes of dealing with your enquiry.

We will not sell, distribute or lease your personal information to third parties.

## Social Media Platforms

Engagement on external social media platforms that we participate on are subject to the terms and conditions as well as the privacy policies held within each social media platform respectively. We will never ask for personal or sensitive information through these platforms.
